### DETAILED ACTION

Examiner acknowledges receipt of response filed 01/22/03.

#### *Claim Rejections - 35 USC § 103*

1. The rejection of claims 1-7 under 35 U.S.C. 102(e) as anticipated by Jerussi et al. (US 6,197,828) is withdrawn because applicant's argument is persuasive since Jerussi does not teach the size of the caplets, however, the alternative rejection of claims 1-7 under 35 U.S.C. 103(a) as obvious over Jerussi et al. (US 6,197,828) in view of Amey et al. (US 6,245,350) is maintained.

#### *Response to Arguments*

Applicants state that Jerussi does not teach the size of the caplets and that Amey does not cure that deficiency.

2. Applicant's arguments filed 01/22/03 have been fully considered but they are not persuasive.

It is respectfully presented that caplets by virtue of the nature of the shape has certain dimensions and the silence of the dimensions of caplets in both Amey and Jerussi by implication teaches all possible sizes of caplet dosage forms. This would mean that the caplet size limitation in the instant generic claim is encompassed in the various sizes and dimensions of caplets in general. Secondly, there is no showing in the application that the recited caplet size is critical to the instant claimed invention. Applicants argue for size differences and differences in size does not distinguish the caplet of the prior art from the caplet of the instant claim in the absence of a showing of unexpected result.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1615

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
